In such case, you may void the policy from the beginning and receive a full refund of premium. The Insured is limited to only one First Diagnosis benefit. ## Waiting Period

No benefit is payable if the Covered Critical Illness first manifests itself before the policy has been in force for 30 days from the Effective Date shown on the policy. ## Guaranteed Renewable to Age 65; Premiums Subject to Change

Your policy is guaranteed renewable until the policy anniversary immediately following your 65th birthday. On such date, the policy will terminate and cease to be in force. Until such date and subject to the conditions of the policy, we cannot cancel or refuse to renew your policy as long as premiums are paid when due. You may renew the contract before such date by paying each renewal premium as it falls due or during the grace period. Should we accept a premium for any period after the policy is to terminate, coverage will continue until the end of the period for which the premium has been accepted. We reserve the right to change premium rates. A change in the rates will apply to all such policies issued by us and in force in the state where you live. If we change the rates, your premium will be determined by your age on the effective date of the policy. Subject to the terms and conditions of the policy, we will not restrict or limit your policy in any other way while it is in force.
